Written testimony in support of Senate Bill 389

Chairman Peck and Members of the Committee:

My name is Tim Stroda. I am the President-CEO of the Kansas Pork Association. Thank you for the opportunity to provide written testimony in support of SB 389.

Kansas pork farmers work hard to bring healthy, nutritious pork to families across the nation. They are committed to continuous improvement in food safety, animal well-being, the environment, public health, their employees and their surrounding community.

Any efforts to protect their animals and facilities is appreciated. They believe it is just common sense to encourage people to be honest on a job application. Our farmers believe any time spent worrying about trespassers and dishonest applicants is a wasted resource. They would rather be working to bring more bacon to your table.

The members of the Kansas Pork Association support SB 389. Thank you for allowing me to provide this written testimony.
