

Proviso
KDHE-Health
FY 25

There is appropriated for the above agency from the state general fund for the fiscal year ending June 30, 2025, the following:

Maternal fetal medicine program.....\$600,000

Provided, That expenditures shall be made from the maternal fetal medicine program account for a grant program to expand a maternal fetal medicine program designed to improve statewide maternal and infant health outcomes that is located in a Kansas county with a population of more than 600,000 as of the 2020 census.
