

2023 Kansas Statutes

75-2938a. Anniversary date of persons in positions subject to job classification or compensation revisions, no change for compensation step increases. No revision of the job classification or the compensation of any classified position in any job class, which takes effect in any payroll period which commences after January 1, 1995, shall change the current anniversary date of any person in any such classified position for purposes of any increase in compensation from step movement on the pay plan for the classified service under the Kansas civil service act.

History: L. 1994, ch. 352, § 2; May 19.
