

State & Federal Affairs Committee

2-16-12

TESTIMONY OF Dale Chaffee; Kansas Citizen - Voter  
5007 Halsey, Shawnee, KS. 66216

Committee Members:

This testimony is IN UNEQUIVICAL support OF HB 2576;  
HB 2577; HB 2578. I would further express neutrality regarding  
HB-2492 due to unfamiliarity with HB-2492.

AS reported ON 12-11-11 by The Wichita Eagle Governor  
Brownback Told The Eagle Editorial Board that he 'doesn't  
see much point in bringing up immigration because it is  
too electrified'. (Really?)

ON 12-15-11 The Governor said: 'he hopes The legislature  
doesn't spend a lot of time on it [immigration]. That there are  
bigger issues he wants to concentrate on.'

I MUST say Thank you TO This Committee for recognizing  
its duty and moving TO execute that duty here today.

Please be aware that I Agree with Governor Brownback  
when he characterizes The issue as 'electrified' and so do  
tens of thousands of Kansas voters! I Additionally Agree  
with Governor Brownback that precious  
spent by this body contemplating the

House Fed & State Affairs

Date: 2-16-12

Attachment 16

The Whole of This matter is aptly described as a NO-brainer!

IT is my full expectation That This Committee will here From many and varied segments of The population whose opinions vary widely.

I ASSERT here and NOW That There is but one group TO Whom your duty and oath of office Applies which is The legitimate, taxpaying citizens and residents of Kansas and The United States of America; TO Contemplate The needs, desires, or inclinations of any group NOT Wholly contained in That description is a Viel. repugnant violation of your oath of office and an insufferable dereliction of duty!

For The Foregoing and many more reasons I stand in support of E-Verify for All Kansas businesses; for no public assistance of any sort WHATSOEVER TO Illegal residents of Kansas and a clear declaration That Police in Kansas Can and will ENFORCE The law as prescribed under This pending legislation.

16-2

I Close with a question TO ANY member of This

Committee Entertaining The Notion of failing to support  
This legislation and a statement to All members present.

1. Is The Term Illegal Alien somehow difficult to  
understand and do you really wish to Face your Constitu-  
ents Admitting your willingness to forcefully take money  
from them in order to Encourage others to brake our  
laws?

2. TO All Committee Members AND ANY PERSONS CURRENTLY  
Seated in Either House OF This legislature I call to your  
Attention a Notion Apparently Nearly forgotten Among  
State legislators. IT is The States OF The United States  
of America who Authorize The Existence of our Federal  
government. When The Enumerated Powers of That body  
are Exceeded or found derelict it is Absolutely incumbent  
upon Each States' legislature TO TAKE immediate, firm,  
and uncompromising Action TO correct those failings,  
or Excesses.

Pass This legislation HB 2576, HB 2577 and HB 2578  
Today! We The people are watching it will be remem-  
bered in November 2012!
