Chairman Brunk and members of the Federal and State Affairs:

I am Bill Harmon, CEO of A&H Air Conditioning and Heating, Inc. Our business provides HVAC and plumbing services to the City of Baldwin and its surrounding areas.

The dinner train needs a liquor license to operate in Douglas/Franklin counties and that business would help my business by promoting tourism in our community and thus inviting more people to reside here in Baldwin City resulting in a larger customer base, more revenue and more generated sales tax for our city. That business would help our community by promoting tourism benefiting our struggling restaurants with filled seats, our hotels and bed and breakfasts with filled rooms and our small retail businesses with more sales consequently giving our city more sales tax to help beautify and promote itself.

I encourage you to support the passage of a liquor license for railcars with HB 2689.

Sincerely,

Bill Harmon

House Federal & State Affairs
