

Kansas.gov Overview

- Kansas legislation (K.S.A. 74-9301 et seq.) was passed in 1990 authorizing the creation of the Information Network of Kansas, Inc. (INK).
- In 1991, INK awarded Kansas Information Consortium, LLC. (now a subsidiary of NIC Inc., [NASDAQ: EGOV]) the network manager contract and began eGovernment operations.

- It all starts with the mission statement:
 - Be the:
 - ...Best partner the government has ever had
 - ...Best place our employees have ever worked
 - ...Best investment the shareholder has ever made

- Do More, Spend Nothing
