

2012 Kansas Statutes

12-825. Technical service and advice from state commission. Cities may, upon proper application to the secretary of the corporation commission of the state, obtain the technical services and advice, pertaining to any public utility operated within said city whether the same be publicly or privately owned, of any expert or other employee of said commission. The city obtaining such service or advice shall pay to said commission the actual expenses necessarily incurred by it in supplying said services or advice.

History: L. 1915, ch. 135, § 1; April 7; R.S. 1923, § 12-825.
