HB 2234

Chairman Proehl, Members of the Committee:

Thank you for this opportunity to submit written testimony in support of the concepts of HB 2234. I would like to propose an amendment for your consideration when you work this bill.

I believe striking "under the management of" on Page 3, lines 3 and 4, and inserting the word "within" would more accurately replicate the intentions of this bill to reflect the Kansas turnpike authority retaining its separate identity and powers.

The new sentence Section 2 (2) (b) would read as follows:

(b) The Kansas turnpike authority shall retain its separate identity, powers, and duties as an instrumentality of the state, within the Kansas department of transportation.

A handwritten signature in cursive script that reads "Mike Petersen". The signature is written in black ink and is positioned above a horizontal line.
