---

Mr. Chairman, and members of the committee, it is a pleasure to appear before you regarding SB69. This bill is primarily housekeeping in nature and has no fiscal or administrative impact on the division.

The following items are as follows:

- 1) Changing the date for proof of property tax this change should have been made when the filing date was amended several years ago.
- 2) Changing the fee from 50¢ to \$1.00 for duplicate registrations which is the actual amount of the fees. This also amends one statute to refer to the other so the next time fees are amended there will be only one place to make the changes.
- 3) Increase the weight of the ARO tags to match all the special tags. The ARO tags were the only special tag which did not have a maximum of 20,000 pounds. This maximum weight of 20,000 has been designed in the system for several years and the language was not changed to reflect the correction.
- 4) Delete the requirements of multiple permits and mailing copies to the division. Permits are now print on demand and electronically submitted.
- 5) Deletes the requirement for forms no longer in use by the division.

Thank you for your attention. I would be happy to stand for questions.
