RE: Written Testimony from Person Supported

Dear Representative Carpenter and Members of the Committee,

My name is Dustin Winfrey and I receive Case Management Services. I like the current case management system, and do not want it to change. I do not like the idea of my staff changing without my prior approval. I like my current case manager. JCDS case managers have always made sure my needs are met.

I also like my job at McDonalds and my job coach at JCDS and don't want to have to choose between having a job and keeping my case manager. There aren't many providers that offer supported employment.

I chose to be supported by JCDS. I know that I get a say in who my case manager is. Like when my old case manager retired, I got to choose my current case manager. I know that whoever is a case manager with JCDS will do a good job.

I do not want to be forced to change. I do not like change.

Please do not change my people.

Thank you,

Dustin Winfrey
